

Seaboard. June 21st 40

Dear Friend:

This is a pretty job
~~that~~ has been put upon me
by former "Peroration!" quotha.
And the fellow has only brought
it down to the address of the
Board about the pledge!
What in the name of all
the powers of mad am I to do?
I am near a non plus. I have
no file of the Liberator ~~by~~
me or if I had could not
undertake to hunt at every thing
that should go in. You must
help me. As you are the
Chronicle of the cause you

most forthwith send me
a list of topics in the
order of preference as they
should come in beginning of
that address Nov. 30th 1939.

I think this is the very
coolest proceeding I ever
happened to know. Send me
this forthwith or the Report
will be as long in my hands
as it was in yours.

Pray write me what is
going on. What did you
do about my letter to
Hathley &c. If you don't
keep me an account
on your among you

I will cut you off with a
shilling - if I can get a
body to lend me one
Lone to all

Appreciably Yours

Edw. Loring.
